

BROADSIDE

CABERNET SAUVIGNON

Broadside Cabernet Sauvignon is the result of our effort to capture a pure and unadulterated representation of this grape and site. At 1000 feet of elevation with a chilling coastal influence, well-drained soils at Margarita Vineyard provide a balance of stress and sustenance to the rugged vines.

While robustly fruited in its youth, Broadside Cabernet Sauvignon is graced with an underlying framework of subtle tannin and acidity. Black currant and plum highlight a brightly wound core of berry fruit and spice. Finishes dry with a sleek vein of minerality.
