I am a New York based User Interface and Experience Designer.

I'm interested in creating beautiful and useful experiences while solving problems and meeting business objectives.

I pride myself on my ability to collaborate extremely well within a cross-functioning team.

I have spent the last 6 years focusing on interface design for web and mobile and I'm excited to continue my development in User Experience Design.

EXPERIENCE

LEARNVEST, New York, NY

Senior Product Designer, 12/2010-Present

Worked on many projects for client-facing products and marketing. For the past year, I have been leading design and user experience efforts for the internal-facing Financial Planning software and CRM. Working closely with UX researchers, project managers and dev teams to understand user needs and business goals and translating them into interactive design solutions.
