- **Determination of Affiliation Program Fee**
  For the first year, the program affiliation fee is determined by total Ag Ed enrollment on April 1 of the membership year. Invoicing for first year will be completed by April 15. The first year fee structure will be determined by totaling the following:
  - Secondary agriculture education student enrollment,
  - Middle school students (part of a chartered high school chapter) and other students eligible for active FFA membership within the chapter and/or state requirements,
  - All graduated students continuing active FFA membership.
- **Continuing Participation**
  Subsequent year's program affiliation fee pricing will be based on total end of year enrollment determined on Aug. 31 of the previous membership year.

  **Example:**
  Total Ag Ed enrollment from roster(s) received by April 1 = 100
  Invoice will be created and determined by April 15
  Additional 10 members received between April 2 and August 30
  Invoice for following year will be based on 110 student members as of Aug. 31
- The state FFA association and The National FFA Organization will not request payment of membership dues from any student who moves from an affiliated program to a nonaffiliated chapter. Once a roster is received and membership is established, a student will remain a member for the entire membership year with the same membership number.
- Participation in the affiliation fee program is designed to be ongoing. States that sign up for affiliation must remain as an affiliated state association unless they receive dispensation from The National FFA Organization. All FFA chapters in a 100% membership state are considered 100% affiliated chapters and are not allowed to individually opt-out of affiliation.
