While participating in the state convention leadership conference, managed by the Washington FFA Association (“FFA”), there are certain behavioral expectations that must be observed by all participants to maintain good standing with FFA and participation in these programs.

All participants in an event or activity sponsored by FFA are prohibited from involvement in unsafe, irresponsible, and/or illegal conduct. You are prohibited from consuming alcoholic beverages or using any tobacco products. In addition, you must abide by all rules and regulations established by FFA for participation in the leadership conference.

I promise that my attitude, conduct and appearance will be such to reflect credit on my chapter, school, community and state FFA association.

I promise to abide by the National FFA Code of Ethics.

As a representative of over 670,000 FFA members, I will be well groomed and dress appropriately during the leadership conference.

I will NOT be in a dormitory room of another participant of the opposite sex. Failure to abide by this rule will result in immediate dismissal from the conference and my parent(s)/guardian(s) will be notified.

I will NOT use drugs, alcohol, or tobacco at any time during the conference. I will not participate in any illegal activities. I understand if I violate this rule, I will be sent home immediately at my own expense and my parent(s)/guardian(s) will be notified.

I will pay for all personal costs and any damage of WSU campus property directly to the university before I depart. My room will be kept neat and clean.

**Convention Headquarters are located in Beasley Coliseum, Cougar Lounge.**
Welcome to the 89th Washington FFA Convention & Expo! Our team is so excited to have you here at Washington State University in Pullman to celebrate the work of our incredible 11,000+ FFA members. We are proud to have represented all of you and the Evergreen State which has brought the world the likes of Starbucks, Microsoft, MOD Pizza, Boeing and over 300 agricultural commodities.

This is a busy time of the year for everyone, and convention is the perfect way for us to unite as FFA members and reflect on the accomplishments we have made through the culmination of this year.

At convention this year, you will have many opportunities to broaden your horizons in three specific areas; growing leaders, building communities, and strengthening agriculture. If you’re not busy competing in a CDE or LDE, be sure to check out one of the leadership workshops, the Expo in Ensminger Pavilion, or Little Farmers, which district officers help put on. We also have a service project, Backpack for Success and we hope to see you living to serve with us!

Even after this week is over, we hope that you will continue to grow as a leader, build your community, and strengthen agriculture. Whether this is your first convention or your last, we hope that you soak in every moment and get to know new friends from all across the state; after all, we are United.

—Sadie, Naddile, Karlee, Kyle, Zach
Welcome to the 89th Washington FFA Convention & Expo!

UNITE (verb) – to put together to form a single unit; to become one or as if one; to become combined; to link by a moral bond.

When you mention state convention to anyone living or working in Pullman the most common response is, “The blue jackets!” That is often followed by comments about how “professional,” “polite,” “intelligent,” or “helpful” Washington FFA members have been. The blue corduroy jacket unites us through FFA, and our leadership, personal growth, professionalism, and servant-hearts also UNITE us as the best hope for our future.

The moment you arrive at the 89th Washington FFA Convention & Expo, you will feel the energy, enthusiasm, and dedication of FFA members who are as excited to learn, compete and connect as you are. We strive to create a convention that provides a positive experience for everyone attending and we watch this happen when FFA members come to convention with realistic expectations, a strong desire to succeed, and an optimistic attitude.

More than anything, the Washington FFA Convention is about having fun, learning, and pursuing dreams. Through quality agricultural education and positive FFA experiences, our members are developing into agriculturally literate citizens, with the leadership skills to serve their communities. We encourage parents and administrators to attend and the number of people that return for multiple conventions is a testament to the positive learning experience and fun that is state convention!

We would like to personally thank the countless number of individuals who have worked diligently to prepare for this year’s convention; from the dedicated state officers, students, advisors, to the many volunteers, and members of the Washington State University College of Agricultural, Human, and Natural Resource Sciences; our convention would not be possible without you.

We look forward to interacting with the Washington FFA members, teachers, parents, sponsors, and all of our special guests in attendance, as we UNITE to celebrate the culmination of a year’s worth of work with the greatest youth leadership organization in the nation. Congratulations to all in attendance, and continue to represent yourselves, your schools, and communities with pride.

Good luck, and best wishes for a memorable convention,

KYLE SCHEELE

Kyle Scheele is an inspiring speaker, writer, and youth expert who has challenged thousands of teens across the nation to live better stories.

When he’s not on a plane or a stage, Kyle is at home in Springfield, MO, where he lives with his beautiful wife Lindsay and their three awesome children. He’s still not sure how he ended up with such an incredible family, but he’s trying to lay low in case this whole thing was some sort of mistake. In his free time, Kyle enjoys reading, writing, and helping his kids build forts out of household furniture & weird stuff out of cardboard.

The FFA Creed by E.M. Tiffany

I believe in the future of agriculture, with a faith born not of words but of deeds—achievements won by the present and past generations of agriculturists; in the promise of better days through better ways, even as the better things we now enjoy have come to us from the struggles of former years.

I believe that to live and work on a good farm, or to be engaged in other agricultural pursuits, is pleasant as well as challenging; for I know the joys and discomforts of agricultural life and hold an inborn fondness for those associations which, even in hours of discouragement, I cannot deny.

I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of progressive agriculturists to serve our own and the public interest in producing and marketing the product of our toil.

I believe in less dependence on begging and more power in bargaining; in the life abundant and enough honest wealth to help make it so—for others as well as myself; in less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.

I believe that American agriculture can and will hold true to the best traditions of our national life and that I can exert an influence in my home and community which will stand solid for my part in that inspiring task.
The following students have excelled in their supervised agricultural experience (SAE) programs by devoting additional time and energy to becoming experts in their chosen field.
