

LETTER OF AGREEMENT

between

Southern Oregon University

and

The Association of Professors, Southern Oregon University

January 23, 2015

This document provides a single modification to the original Letter of Agreement on differential loading, as agreed to and signed by representatives of Southern Oregon University and the Association of Professors, Southern Oregon University (APSOU) on October 21, 2013.

The task force on differential loading was to have had three faculty members appointed by the APSOU Board. This agreement changes that number from three faculty members to four. The task force will now include four faculty members appointed by the APSOU Board, three faculty members appointed by the Faculty Senate, and up to three members appointed by the administration.

FOR THE UNIVERSITY:

Susan Walsh, Provost

FOR THE ASSOCIATION:

Vicki Purslow, APSOU President
