

## SUPPORT OUR WILDING PINE CONTROL PROGRAMME

The Marlborough Sounds Restoration Trust is undertaking an ambitious programme to control wilding pines throughout the Marlborough Sounds. The tremendous success of this programme is evident to all visitors, residents and users of the Sounds.

The Trust is inviting you to become part of that success story.

Your support will help us to reclaim the skyline and pave the way for native forest regeneration in this very special area.

## How you can help

Rarely is there such an easy opportunity to make a physical difference to the landscape that you live and play in. By making a financial contribution to the Marlborough Sounds Restoration Trust's wilding pine control programme, you have the opportunity to improve our landscape for future generations.

Upon payment, a letter and receipt will be sent to you acknowledging your support. You can also keep updated on progress of the programme through our website ([www.soundsrestoration.org.nz](http://www.soundsrestoration.org.nz)).

The Trust is a registered charitable entity, so any gifts of money it receives from individuals and certain companies qualify for tax advantages.
