	Where Did I Come From? Origin	Why Is The World This Way? (Mess)	Is There A Way Out? Solution	What Is My Purpose?	How Do I Know What's True?
Christianity	Special Creation <i>Imago Dei</i>	Fall (human responsibility)	Redemption In Christ by His death/atonement	Bring glory to God, help others be redeemed	Revelation Design Conscience Reason
Naturalism	Evolution Time & Chance (Random) based on chemical reactions	Oppression by society & culture, lack of education and opportunity	Self-improvement Social Progress	Self-fulfillment, Enjoyment (eat, drink, breed, die)	Science viewed as ultimate arbiter, but offers no philosophic truth or meaning. Truth relative and culturally based
Post-Modernism	Same as Naturalism: Uncaused Unplanned Evolution	Oppression by the elites or the dominant culture	Remake (deconstruct) society by radical individual freedom, resistance to all "oppressive" customs and practices	? Make things better by fighting the oppressive system OR empower the oppressed	Truth is relative. It is changeable by force of will or social reconstruction
