# HearthCabinet™

VENTLESS FIREPLACES

## THE FIRE OF INSPIRATION

**HearthCabinet™ Ventless Fireplaces** is a world-class ventless fireplace brand that designs and manufactures the only ventless fireplaces that use the finest, safe, clean-burning, gel fuel cartridge system.

All of our models are designed by an architect-led design team and evolved from a solution for a client who wanted a safe and beautiful fireplace for a luxury high-rise apartment.

HearthCabinet™ Ventless Fireplaces have been used in high-end residential, hospitality, and commercial spaces across North America by top trade professionals.

HearthCabinet™ Ventless Fireplaces are the **ONLY** ventless fireplaces approved for use in New York City because of their unique safety features.

HearthCabinet™ Ventless Fireplaces are designed and handcrafted in New York City by NY craftsmen, ensuring high quality, bespoke products with short lead times.

HearthCabinet™ has been the leader in custom, luxury, ventless fireplaces since 2005.

# 5 REASONS

WHY TOP PROFESSIONALS CHOOSE

HearthCabinet™

## #1: BEAUTIFUL ROARING FLAME

Our innovative fuel cartridges provide a unique, beautiful, real flame that dances like a wood fire but without the smoke or mess.

## #2: VENTLESS

HearthCabinet™ Ventless Fireplaces do not require a chimney, flue, gas line, or electricity, allowing you to put one virtually anywhere.

## #3: SAFETY

Patented safety and design features unique to HearthCabinet™ Ventless Fireplaces ensure the safest fireplace experience possible. They are the ONLY ventless fireplaces approved for use in NYC.

## #4: CUSTOM-TAILORED

Every fireplace is handcrafted in NYC, finished to detailed specifications and can be completely custom-designed to fit the look of any project.

## #5: ONE-ON-ONE PERSONAL SERVICE & PROFESSIONAL EXPERTISE

Our staff of architects and designers will work directly with you on your project, start to finish.

*“Whether for a stately focal point, a room divider, creating a small cozy corner or incorporating storage, shelving or seating, a HearthCabinet Ventless Fireplace will definitely set the mood for a great home atmosphere.”*

Iliada Bass  
Cliff Young LTD.

*“I bought the HearthCabinet and had it installed to look like a true fireplace. It really is a perfect alternative. It’s hassle free, absolutely gorgeous and gives my apartment the warmth and feel of a true fireplace. Plus their staff is a pleasure to work with.”*

G.H., Residential Client

*“We found HearthCabinet fireplaces to be the optimum choice for the design of the Yotel suites because of their user-friendly operation, flexibility in installation and compliance with NYC code.”*

Ismael Leyva, Architect (AIA)  
Ismael Leyva Architects

*“The HearthCabinet fireplace is a beautiful enhancement to the living room and creates a romantic ambience.”*

E.D., Residential Client

*“HearthCabinet’s ventless fireplaces have been able to help me achieve the look that I want in a room. The ease of using them makes it so simple for clients, easier than using a wood fireplace, or even a gas fireplace.”*

Louis J. Garcia, Principal
