

Wallball May 14, 2016 at The Athletic Club @ Waycross

Eight happy players showed up at 9:30 on Saturday morning to play Wallball with the big green ball. None had ever played with the big ball but they found out that it was so similar to playing small ball that it was a smooth transition.

Some of the rebounds from the side wall and the back wall were a little difficult to get used to because the ball is lighter making the angles sharper. Hitting the ball was a pleasure with no pain and you could play without gloves. (Perfect for new players). We played two rounds of doubles; the first round to 15 and the second to 11 which took two and a half hours. We switched partners for the second round. Just enough play to get us ready for pulled pork sandwiches for lunch.

Al Viet won a new handball shirt for his championship performance. He really hits the ball hard and often.

Top row: Ralph Weil, John Maticic, Roger McFarlane, Al Viets.
Front row: Ben VanArsdale, Amy Viets, Johnny Walker, Dave Laxton.
