

# LE GRAND MONDE 2018

The name "Le Grand Monde" in French is "The Great World". We are creating these beers for the great world of people within craft beer that embrace wild fermented sour beers. It's hard to believe the taproom has been open for nine months so far and we would like to thank the existing members for being some of our most frequent taproom guests, and making the taproom a success. After thinking about how the 2017 membership has gone we have decided for the 2018 Membership period we will only be having one level. This way we hope to really fulfill the goal of making unique beers that just fill the membership allocation with little overage.
