

≈ The Chamber Music Program ≈

Each participant will be assigned to a small chamber music ensemble. ≈ The ensemble will work on two pieces: a short traditional chamber music work and a 2–3 minute new work composed specifically for their ensemble by a Bay Area composer. ≈ Over the course of five weeks starting January 5, 2017, participants will schedule three 2 hour rehearsals with coaches from the Left Coast Chamber Ensemble. ≈ The composers of the new works will coach their pieces with the group assigned to their composition.

≈ The Weekend Intensive ≈

Over the weekend of February 11 and 12, 2017, Left Coast Chamber Ensemble (LCCE) will present an intensive workshop with all participants, composers, and LCCE coaches.

≈ Highlights will include Master Classes with composers and coaches, and a Feldenkrais Class. ≈ The Intensive will end with a concert of all groups and pieces Sunday evening.
