<b>Key Elements for Mapping Your Route to Implementation</b>	   
➤ What are the key factors that led you/are leading you to implement the FIEP strategy into your program?	
➤ What data and information sources are available relative to this topic?	
➤ How will the data and information be analyzed?	
➤ Who are the stakeholders (implementers and beneficiaries) relative to this decision?	
➤ How will you monitor or measure progress towards the result?	
➤ What is the desired result expected from the action?	
➤ What resources will be needed to support the implementation of the FIEP strategy?	
➤ Backing out of the result to the plan.	

# Key Concepts

## A Facilitated Individualized Education Plan (IEP)

- ❖ Is developed by a collaborative team whose members share responsibility for the meeting process and results;
- ❖ Manages decision making through the use of facilitation skills.

## This process of Facilitation for IEP meetings enables the team to:

- ❖ Build and improve strong relationships among team members;
- ❖ Reach true consensus;
- ❖ Focus the IEP content and process on the needs of the student;
- ❖ Exercise an efficient, guided meeting process where effective communication and reflective listening are practiced.
