## **PAINTINGS BY TOMMY KANE**

**Opening Reception: Saturday, September 9, 7-10pm**

Peninsula Art Space is pleased to announce the opening of Tommy Kane's *Adolescentland*, opening September 9, 2017 through October 29.

Tommy Kane is a multi-disciplinary artist whose career has taken him from illustrating for the Buffalo Evening News to becoming one of the most sought after creative directors in advertising. He is perhaps best known for his brilliant illustrations that capture the world around him with humor, energy and irony.

*Adolescentland* explores Kane's homage to the cartoons, puppet shows, screwball comedies and superhero sitcoms that he grew up watching. The many hours Tommy spent in front of his 1963 Zenith console TV, along with the indelible influence of Mad magazine, played an important role in his development as an artist.

*Adolescentland* is Tommy Kane's first solo exhibition, and serves as a celebration of those wonderful and enigmatic pop culture influences.

**HOURS: SATURDAY & SUNDAY | 12-7pm | or BY APPOINTMENT**
