/SUMMARY

Chris Steib is a twelve-year veteran of UX and Product Management with experience ranging from garage startups to large public companies. He has led the product and design teams at Thrillist, JackThreads, Delivery.com, and XO Group, where he oversaw the 2015 re-platform and redesign of TheKnot.com. Today he is the founder of [Transom](#), a note-taking app for writers, and he runs [Void Digital](#), a design agency working with startups and growth-stage companies to improve their user experience design and product processes.

A former English teacher, speechwriter, and book marketer, Chris is passionate about writing and storytelling in our tech-centric world. He's a Brooklynite, an aspiring novelist, a boxing enthusiast, amateur ukuleleist, and avid rock climber.

/EXPERIENCE

Void Digital Strategy + Design :: 2004 - present

XO Group, Inc; The Knot :: August 2013 - January 2017

Vice President, Product + User Experience

Summary: Product Lead for the #1 wedding-industry brand, which generates \$150MM in annual revenue from more than 60MM pageviews and 12MM uniques each month. Oversaw the complete relaunch of theknot.com in 2015, including technical overhaul and responsive-web reimagining of a 17-year-old brand.

Product: Oversight of membership acquisition, content + photography, fashion, vendor marketplace, and planning tools. Also responsible for TK's native mobile apps, including the #1 wedding app on iOS.

User Centricity: Built out XO's first user-centered research and design team; championed Lean UX processes

and restructured Product, UI, and Tech orgs around Lean best practices. Established usability testing lab, which has conducted more than 500 hours of usability testing since April 2014. Merged Customer Service with User Experience and proactively reduced complaint volume by more than 50%.

Culture + Company: Selected to organize Lead@XO, a group dedicated to training + nurturing next-generation managers + leaders. Participant in XO Book Club, Product Demo Days, XO Chess Club, and XO Mentors. Managed more than 20 different employees during my tenure.

Delivery.com :: July 2012 - August 2013

Vice President, Product

Product + Design: Responsible for delivery.com's strategic product roadmap, project planning, user-experience design, performance analysis, quality-assurance testing, and graphic design for all web + mobile products. Oversaw Dcom rebrand in January 2013, and pilot integration of Dcom data + functionality into Yelp.com.

Technology + Ops: Restructured engineering team and hired VP of technology. Migrated Tech to new project-management workflow, reducing release cycle from three months to two weeks. Hired front-end Lead Engineer, managed UI pipeline + priorities.

Thrillist Media Group :: 2009-2012

Director, Product Development for Thrillist, Thrillist Rewards, and JackThreads

Responsibilities: Executive oversight of 13 user-facing digital products, including email, web, mobile, and tablet for company's content, ecommerce, flash-sale, and local deals businesses. Oversaw JackThreads product integration, redesign, and relaunch post-acquisition. Key contributor to Sales development.

Achievements: Thrillist top-line business increased from \$12MM to \$50MM during tenure as Product Director. Designed products that created more than \$3.5MM in new business per year (notably, a recurring \$1MM+ program with Absolut Vodka). Grew JackThreads mobile + web traffic by more than 3x (8.5MM to 29MM visits), and users by 20x (100k to 2MM) from 2009-2012. Launched and maintained three, five-star iOS applications.

Hearst-Argyle Television, Hearst Corporation :: 2007-2009

Product Manager

Summary: Oversaw web content and product development for HTV's 31 local affiliate websites, which garnered more than 2B page views each year. Selected for digital incubator program, Hearst Innovations, in 2008.

NBC Universal :: 2004 - 2007

Manager, Executive Communications 2005-2007 | Communications Specialist 2004-2005

Summary: Drafted speeches, email, op-eds, articles, and collateral for key execs including CEO Bob Wright.

Los Angeles Unified School District :: 2001-2003

Summary: Taught 9th- and 12th-grade English literature in underserved school in San Fernando.
