QUARTERLY ACCOUNTABILITY MEETINGS

WHY INDEPENDENT?

You get 1 vote on 12th December for someone to occupy 1 seat in Parliament for the Rother Valley area - possibly for 5 years.

Do you want another career politician who will be told how to vote by a political party? Or do you want a local person who answers only to the constituents - and will ALWAYS vote for whats best for the constituency?

I've been a Rother Valley resident my whole life. I'm a dedicated family man and want the best for them.

In recent years I've become increasingly disillusioned with our politicians, local & national, and don't feel like they put the people who vote for them first.

It's party over people every time.

If (like me) you've ever visited a polling booth, looked at the options and wished there was a 'None of the above' box - then please vote for real change in Rother Valley this time.

I will always put Rother Valley First.
