ROMANCE ABOUNDS WHEN YOU PAIR ROSES WITH RUFFLES AND RUSTIC GLAM DÉCOR, FOR A LOOK STRAIGHT OUT OF A JANE AUSTEN NOVEL.

1} Elements of gold—making appearances in goblets, flatware and a backdrop of twinkling lights—add a regal touch to every event.

2} Make a beeline to the romance section of a used bookstore: A stack of vintage books can make the perfect anchor for a flower arrangement.

3} Put an antique table to work as

a central location for desserts, place cards, favors or a guest book—the options are endless.

4} Queen of Cakes is the, well, queen at whipping up subtly stunning desserts, such as this ruffled creation.

5} Lace table runners dripping with lavish flowers will have your guests oohing and aahing.

6} Besides the ring on your finger and your new husband on your arm, a sleek, stylish clutch just big enough to carry the essentials is all you need on your wedding day.

7} Go ahead, smell the roses—or the ranunculus. Blooming flowers in shades of blush are essential to this dreamy wedding theme.

8) Months before the event, set the tone for your big day with your invitation suite; the colors, design and typefaces will give your guests a glimpse of what's to come.

9) Square, rounded and all charmingly distressed: Instead of coordinating chairs, consider seating your friends and family on slightly mismatched ones, like these from On Solid Ground Vintage Rentals. *
