EXPERIENCE

Western Digital Corporation

UI/UX Designer

2013-2015

- + Working with other designers to define customer experience and wireframes
- + Designing layouts, color palettes, typography, UI elements, and icons
- + Producing graphic assets/comps for developers (desktop, web, iOS/Android)

btrax

Lead Designer

2011-2013

- + Web UI & UX, print design; creative planning and management; and mentoring.
- + Driving the creative direction of a small team of designers by supervising and unifying each project vision

Eyes On Walls

Designer (contract)

2011-2013

- + Ongoing design of all printed visual materials of the company's signed artists, which has contributed to the doubling of new customers and company partners since March 2011
- + Redesigned all artwork photo mockups to improve customer purchasing decisions

Viral Ventures Magazine

Project Manager, Lead Designer (contract)

2010-2011

- + Designed layouts for two magazines while taking on additional role as Project Manager for the scheduling and development of the project scope

The Bulletin, Western Communications

Image Specialist, Typesetter

2005-2009

- + Took on multiple inter-department roles between photo corrections, processing print-to-web news articles, and pre-press file monitoring
- + Became certified in DTI News Media, Ad Management, and Ad Media
- + Successfully developed and implemented a new company-wide system of database asset file management

VA Graphics

Assistant Sales Manager, Photo Retoucher

2001-2004

- + Color corrected, repaired, and altered photos
- + Designed and applied outdoor vinyl graphics
