

2 February 2016

Dear Walk by Faith Alumni,

My name is Sr Anna and I am the Walk by Faith Coordinator for the Dunedin Diocese. I have been in this role for the last three years and it has been a privilege to journey alongside those who have participated in the programme.

As you may be aware over the last year, a major rewrite of the long-established *Walk by Faith* programme has happened and is continuing in 2016 with Years Two and Three. The Walk by Faith programme has grown many Catholics in their faith journey and further deepen their relationship with Christ.

The *Walk by Faith* vision is to “build confidence in people to be active in the life and mission of the Church in the 21st century by fostering personal and spiritual formation, deepening understanding of Church teaching and Scripture and integrating this with life experience.

I would like to tell you about what the new programme looks like. The diocesan coordinators and the national coordinator are working on the re-write of the programme. This new version includes new modules, new reading material and media clips designed to enhance the participants learning.

I have also developed a webpage for Walk by Faith, here is the link: <http://www.cdd.org.nz/faith-formation/>

On this page you will find information on the updated programme, brochure for this year's enrolment plus information on prayer and journal writing. This page is still be developed and I hope to have a Walk by Faith YouTube channel for media clips from different speakers and an alumni page.

If you would like to help tutor or run a group in your parish please get in touch with me, please spread the word!

I will email out updates during the year. If you wish to be taken of the email list please let me know.

Blessings,

Sr Anna rsm
