The Magic of Fall

THE BRIEFING

BEST BRITTLE

Brittle often has a Goldilocks problem: It's either too hard or too soft, too sweet or not sweet enough. Morning Glory Confections, however, has made its artisanal brittle just right. Produced in small batches in California, the candy has an excellent snap and balanced sweetness, and comes in six delectable flavors. Our favorites: Fleur de Sel & Peanut and the new Thai Curry & Peanut.

\$10 for 5oz. morninggloryconfections.com
