

Berkeley Art Center
EXHIBITION PROPOSALS

Deadline: May 31, 2018

Berkeley Art Center is accepting exhibition proposals in consideration for the 2019 schedule. Submissions may come from curators, groups of artists, or individual artists and may take the form of gallery-based exhibitions, public programs, and events.

According to our mission, we focus mainly on artists living and/or working in the Bay Area. Your project should include a majority of regional artists. Please visit BAC's online archive to get a sense of the types of exhibitions we have featured in the past 50 years.

To submit your proposal, please email the following to info@berkeleyartcenter.org by May 31, 2018. Write Attn: Programs Committee in the subject of the email. Incomplete submissions will not be reviewed.

- In one page or less, describe your concept and why BAC is an appropriate space for your project.
- As an attachment, please include up to 10 images of work samples from the artists (under 1MB each). Each image should be labeled with the artist's Last Name. (Do not put images in the body of the email)
- You may include links to websites, videos, or online files in the email.

Because of the large number of proposals that we receive, we ask that you refrain from calling the gallery staff to inquire about the status of your materials. Notices will be sent to accepted entries before September 2018 for the 2019 calendar.
