

To convert the Spring Wildflowers pattern to 20 blocks instead of the original 16 blocks:

Background:

Cut **7** strips 3" x wof. From these sub-cut **80** squares 3" x 3" for corner units (hst). Draw a diagonal line on wrong side of each.

Cut **15** strips 2 ½" x wof for corner units and triangles on house unit. From these sub-cut **240** squares 2 ½" x 2 ½". **160** are for house units and **80** are for corner units. Draw a diagonal line on the wrong side of **160** of these for the house units.

Join the 3 rows together to make a 12½" square block. Press seams one direction or press open. Make **20** blocks total.

Cut 1 strip 12½" x wof. Sub-cut **15** rectangles 2 ½" x 12 ½" to go between the blocks in rows.

Cut **13** strips 2½" x wof for sashing strips between the rows, and for the border.

Lay blocks out in a pleasing arrangement. Then sew blocks together with 2½" x 12½" sashing rectangles between them as shown. Press seams toward sashing. Each row has 4 blocks and 3 sashing rectangles. Make **5** rows.

Using the 2½" x wof strips, sew together end to end to make **4** rows to go between the block rows.
