

5/20/18

Good Evening Hapeville Charter Community,

As we close out one school year and plan for the next, I desire to have our community's feedback. I want everyone to know that our doors are always open, therefore, I will be offering a listening session the week of June 4th, 2018 to get to know our community's concerns, aspirations for the schools, and just improve lines of communication. I am inviting the community at large, parents, students, and staff to provide feedback.

I know everyone's schedule is very busy and in an effort to accommodate, the listening session will be open June 4th – 7th from 8:00am–5:00pm at our Business office. If these times do not work for your schedule, please feel free to stop by or contact me at an alternative time.

I look forward to seeing you.
