Tomas I. Gueglio – Saccone

Instrumentation:

Violin I

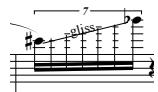

Violin II

Viola

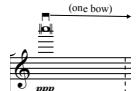

Violoncello

Performance notes:

- Every tremolo in the piece is to be attacked as fast as possible but gradually slow down within the length of the rhythmic value. (Unless the value is too short to perform such *rallentando*)
- In the context of *flautando* the *sfp* tremoli are to be performed “*non flautando*” to then resume the *flautando* as soon as the tremolo is finished.
- Bowing placement: s.t. = *sul tasto*, ord.: *normale*, s.p.: *sul pont*

- : the arrival note in the fast ascending gestures needs not be precisely intoned. Its sole intention is to provide a frame to the *gliss*.
- Dashed slurs in the cello suggest phrasing. They are not to be taken as bowing indications.
- Dashed barlines suggest freedom in tempo in the “*solo*” sections.

- : The duration of the "one bow" notes is left to the performer's discretion although taking into consideration dynamics and specifics of the performance situation.
- In section E the cello plays rhythmically independent from the rest of the instruments.
- Beginning in section H: Each performer plays at his / her own pace, as if playing a solo piece. Disregard the rhythms of other instruments except when indicated. The synchronicity reflected in the notation is not to be intentionally observed.
- Despite the absence of barlines in section H, the measure numbers are displayed as an aid for the rehearsal situation.

Approximate duration: 12'

Scorrevole / Energetic $\text{♩} = \text{ca. } 76$

* In the context of *flautando* the *sffz* tremoli are to be performed "non flautando" to then return to the *flautando* once the tremolo is finished.
