LTD. ED. DOUBLE DRY HOPPED CIDER
MADE WITH MOTUEKA + NELSON HOPS

DOUBLES ANYONE?

Get ready for the Grand Slam of dry ciders featuring the undefeated hop duo of Motueka and Nelson. This dream team was assembled to allow us to really build on the aromatics of our clean, easy drinkin' cider base. The third-edition of this series really brought its A-game, with a fresh design from our friends over at The Courts in Borrego Springs, CA. Drink cold, fresh and straight from the can.

THE COLLAB

We know apples, Modern Times knows hops. When it came time to build Doubles we went back to Modern Times and traded some of our finest wild apples from the Lost Apple Project in exchange for their favorite hops, Motueka and Nelson Sauvín. We're now in our fourth year of bouncing apples and hops back and forth across the country with no sign of stopping anytime soon.
