Cleveland, Ohio : Behnke Landscape Architecture played a key role in the planning and design of the \$750 million Flats East Bank multiple-use development. Behnke was integral in developing the Master Plan that opened up the site to the river, completing design documents for the surrounding streetscape and being the lead designer for the 1,200-foot long riverfront boardwalk adjacent to the Cuyahoga River that offers spectacular views of the Flats.

Matthew Hils of [Behnke Landscape Architecture](http://www.behnkela.com) said “it was an honor to be chosen as the landscape architect on such a highly visible Cleveland project. We can walk here from our offices”.
