

*A note from the desk of
Jenny Schneider, Owner, Apres Soleil Tans*

Apres Soleil Tans is proud to hosts its 3rd Annual Meet Me In Miami, a South Beach themed fundraising event hosted at a private residence in Walnut Creek, on Friday, August 25, 2017. Located in the East Bay, Apres Soleil Tans is passionate about offering a healthy alternative to sun tanned skin. What started out as one person's vision, quickly became an incredible evening that successfully brings our community and local businesses together to raise awareness about the importance of early detection in the fight against melanoma each year.

Melanoma kills more people than any other cancer in the United States, and is one of the most common cancers in young adults. According to the American Cancer Society, it is estimated that there will be 81,110 newly diagnosed cases of melanoma in 2017 alone. Please join us in our unwavering battle against melanoma. Together we can continue to create awareness and make a difference in our community.

We are delighted to invite you to be part of this fundraising event, either as a sponsor, or a donation for our silent auction. This a valuable advertising opportunity where you will be exposed to new clientele while partnering with the Cancer Support Community, a non-profit organization committed to helping people with melanoma in our community.

All of the proceeds from the evening will go directly to those battling melanoma and their loved ones here at home through the Cancer Support Community of the San Francisco Bay Area. Cancer Support Community provides comprehensive care to its patients and their loved ones; including counseling, support groups, nutrition, exercise, and education.

We appreciate your interest and support.

Fondly,
