

The new KUNO 3

by CurriculumLoft

Say hello to KUNO 3, the first Android 4.0 “Ice Cream Sandwich” tablet designed specifically for education. The new KUNO features a 4:3 display ratio, dual camera, and USB/HDMI capabilities (full specifications on reverse). An embedded mobile web filter makes the device CIPA compliant and modified system settings maintain device security.

Use KUNO 3 with CurriculumLoft’s patent pending MLS (mobile learning solution) for wireless device, app, and content delivery and management. Take learning beyond the classroom and make one-to-one possible.
