FILM

We have been processing film for over 80 years. We love it, it's in our blood. We have some of the most experienced film handlers in the country who have been working with us for decades and we want to make sure people keep shooting film professionally.

We have been working hard with Kodak to arrange the direct supply of film through official Kodak channels. This means you can buy film from us at prices competitive to grey import.

Enjoy!

To qualify for bulk pricing minimum order of \$600 is required.

Bulk orders can be delivered directly to you at a street address via courier.

Estimated delivery time 10 working days.

Orders must be placed via email and pre paid.
