

Recycled Leather & Libraries and Dens

Improve work and leisure environments with cozy
EcoDomo leather floors and walls.

EcoDomo leathers are durable, easy to install, and add a daring touch of sustainable luxury and timeless elegance to a library or home office. It's not new: Pope Julius III in the 16th Century and the Governor of Virginia in the 18th century both enjoyed gilded leather walls in their libraries. The EcoDomo leather tiles and sheets offers many ways to adorn your library or den for a soothing environment to create, work, or read. You can use our leathers as an application as a:

- Floor
- Wall covering or refined with wood, stitching, or brass studs
- Wainscot
- Ceiling
- Desk pad or in-lay
- Chair mat

We will be glad to work with your design to ensure the best application, value, and ease of installation for our leather for your library. And don't worry – standard rolling chairs casters will not damage your leather floor!
