

EcoDomo^{LLC}

Recycled Leather & Restaurants

Delight restaurant guests with unique leather applications.

EcoDomo recycled leathers can be used in nearly all areas of a restaurant where wood is used. With proven performance in thousands of applications, EcoDomo leathers are suitable in restaurants for:

- Walls & lower-traffic floor areas
- Table tops & furniture
- Bar tops and front
- Columns
- Wainscot
- Ceilings

Our leathers offer great value, predictability, a wide range of sizes, textures, and thicknesses including 4'x8' veneer sheets. Available laminated on HDF in panels or planks. Made in the USA.
