## Get Ready for Cardigan Season in Style

Author: [Jen Anderson](#) • Discussion: [No Comments](#)

Are you eager to pull your cardigans out of storage, or are you expecting to be disappointed by a bunch of shapeless, worn out cardis? We put so much time and effort into putting together great outfits. And then the weather turns cold, and we cover up our fabulous clothes with – what? A stylish top layer that enhances the ensemble? Or a tired looking gray sweater that makes us look frumpy? The right choice is clear.

You deserve cardigans that you adore. Cardigans that keep you looking forward to Autumn all Summer long. But school's back in session, your schedule is getting busier, and the holidays are looming. Who has time to search for the perfect cardigan? Don't worry, Cushie b has you covered (pun intended – sorry).

The wonderful thing about Cushie b's luxury cardigans is that they're made to last. They won't go out of style in a year, yet they're anything but bland. The merino wool and viscose yarns will hold up to wear after wear – while remaining soft as a sigh.

## Cozy Draped Blanket Cardigan

Cushie b's [Cozy Draped Blanket Cardigan](#) wraps you in extra fine merino wool. The open front cascades beautifully. The long sleeves are ribbed so that they stay in place and out of your way – perfect for working at the office, or noshing at a party.

This cardigan is available in [black](#) and [periwinkle blue](#).

## Kimono Cardigan

Cushie b's [Kimono Cardigan](#) can make any outfit special. The shimmering Italian poly viscose knitted lace is open enough that it doesn't hide your shape. The extra fine merino yoke is warm, soft and drapery. The loose-fitting short sleeves are comfortable and flattering.

The Kimono Cardigan comes in [Deep Red/Wine](#) (pictured), [Silver Grey/Black](#), and [Teal Blue/Navy](#).

## Long Drape Cardigan

Cushie b's [Long Drape Cardigan](#) features a diagonal stitch pattern on the sleeves that makes this more than just another cardigan. The open front keeps you from being too covered up. The [cream](#) (or [black](#)) color goes with everything – what more can you want in a cardigan?

Try wearing the Long Drape Cardigan over a matching (or contrasting) Sleeveless Top in [cream](#) or [black](#).

## Don't Skimp on the Wrapping

Think of a cardigan as the wrapping paper on a gift. Sure, you can wrap a gift in old, faded paper you found in the back of the closet. It's what's inside that counts. But when you make a little effort to carefully wrap a present in nice paper, you're signaling that's what's inside is special. That's why you deserve a luxury cardigan from Cushie b.
