*The Mina Dress*

Sometimes you just want to throw on a dress and look fabulous. You don't want to worry about matching a top to a skirt, or picking the right shoes, or searching for the perfect jewelry to go with an outfit. Those things are fun, but no one has the time, energy and inclination to deal with all that for every single event they're attending.

You can look amazing with minimal effort by wearing the right dress. A dress that makes an impact and works with all your accessories. Lucky for us, Shavonne Dorsey makes dresses that fit the bill perfectly.

The [Mina Dress](#) makes such an impact that you don't even need accessories (except for shoes, of course). The ruching, the twisted strap, and fabric cascading down the back combine to create a visually interesting look. It wouldn't be overwhelmed by a bold, chunky necklace and bracelet or eye-catching shoes. But it also works with small earrings and that little gold pendant you wear with everything. Wear it with platform heels for a formal event, or with flat sandals or wedges for a slightly less dressy event.

The [Joie Dress](#) works in your wardrobe the same way. The leopard print makes this classic silhouette eye-catching and exciting. It can handle your largest jewelry or your most delicate pieces.

Depending on how you accessorize this dress, you can wear it to a cocktail party, a wedding reception, or on date night. Just put it on and you'll look amazing.

The [Bree Dress](#)'s contrasting embellishments are like having the jewelry built into the dress. Zip it all the way up for a high neckline that doesn't need a necklace to dress it up. Or leave it a little open to let a necklace peek through. And it's reversible so you can switch up the colors when the mood strikes.

The [Bree Dress](#) comes in red/black, grey/blue, brown/taupe and black/pink.

The secret to easy style is finding a dress that does all the work for you. With these dresses, you can look like you had a team of stylists helping you get ready.
