ATTRACTION TRAINING OPPORTUNITY

Overview of Educate!
Educate! works to transform education in Africa to teach youth to solve poverty for themselves and their communities.

Educate! provides youth with skills training in leadership, entrepreneurship and workforce readiness along with mentorship to start real businesses at school. Our model is delivered through practically-trained teachers and youth mentors. Educate!’s goal is to make this practical, skills-based model part of national education systems.

In 2020, we’re working in over 175 secondary schools in Rwanda and over 750 schools in Uganda reaching over 44,000 students intensively and 540,000 more broadly. Our model was proven to have a massive impact in a randomized controlled trial. Graduates earned DOUBLE the income of a control group and had a 64% increase in business creation. Our graduates change their lives and their communities, such as Lillian Aero who employs over 100 AIDS-affected women.

In 2012, Educate! partnered with Uganda’s government to integrate curriculum and a student business club structure into Uganda’s entrepreneurship course nationally, and in 2015, we served as a technical advisor to Rwanda on its secondary education reform.

Educate!’s team includes almost 200 staff and almost 300 volunteer youth mentors. We have been backed by top foundations such as MasterCard, Big Bang Philanthropy, Mulago, Echoing Green, Ashoka, and Global Innovation Fund. Educate! won the 2015 WISE Awards, and was featured by Bill Gates, an Al Jazeera documentary, Forbes 30 under 30, Clinton Global Initiative and The Brookings Institution as one of 14 case studies in their global scaling education learning initiative.

Educate!’s vision is to design solutions that measurably impact millions of youth across Africa each year.
