--**E. Myers** wants ideas on workshops and CEUs from the membership.

--**E. Myers** to get stuff together for summer meeting and discuss it then.

National Conference 2017
--**E. Myers** reported that we’ve been asked to assist TWS and AFS host a joint conference in Tampa in November 2017 to promote the restoration of the Gulf Coast. Theme: Integrating science and management to restore fish and wildlife in the Gulf Coast. More information will be coming soon.

New Awards Discussion
--**E. Myers** reported at the last board meeting the idea of new award recommendations include outstanding educator, rookie of the year (best new professional), best NGO and/or women in wildlife was brought up. **T. O’Meara** said it wouldn’t be that much work for the committee but we need to figure out how to make it
more worthwhile to nominate. The hardest part is to get people to take the time to sit down and nominate someone. P. Delaney recommended that we think about having folks to nominate themselves and not just wait on someone else to nominate them. Group recommended more reminders for the awards.

**FL Wildlife Corridor Expedition Meeting**

L. Perrin and L. Ferry attended the meeting about the next wildlife corridor expedition. They have $339,000 currently available to fund the expedition. Discussion ensued about how FLTWS could plug in with them. They thought we could provide a scientific blurb about corridors that they could put on their website and also coordination on the Saturday outreach events.

| Adjourn | Meeting adjourned at 5:25pm. |
