EDUUS Students Housing Provision Application

Host families are carefully chosen by the school and Eduus based upon the desire to host visiting students and the ability to provide a safe, comfortable and positive homestay experience. Families host students for many reasons: to learn from and share with those from abroad, to encourage the exchange of ideas, to experience different cultures while also teaching their own. Eduus will offer guidance in regards to helping both families and students adjust to new settings, and provide insight on the variance of the Korean culture from American culture.

Please answer the following questions to best match you and your family with a suitable student(s).

While we will make every effort to accommodate your preferences,

please be aware that we will not always be able to match a student with each desired preference.
