Artists from the Hickory  
Museum of Art Collec-  
tion***

# HMA PROGRAMS

## Make Hickory Museum of Art a part of your classroom.

HMA offers your students interactive, engaging tours that test their observation skills, critical thinking and expression of ideas. Tours support the NC Common Core and Essential Standards. See your grade level's correlation at [HickoryArt.org/Learn](http://HickoryArt.org/Learn).

### Pre-K: Art Exploration

Young students tour the gallery in search of shapes, colors and patterns. Tours incorporate stories and simple gallery games. *Optional art activity: Varies depending on the gallery used.*

### K-1st Grade: Families Are Fun

Learn about different kinds of families through various pieces of art. What makes a person part of your family? How is your neighbor different from your family? Do family members have to live together to be part of your family? Hear a story about families. *Optional art activity: Students create a collage of themselves or another family member. Subject to change.*

### 2nd-3rd Grade:

#### Living in a Community

Utilizing HMA's *Discover Folk Art* exhibit, students compare and contrast life in different communities. Discussing, listening and speaking skills are all a part of the tour. A story introduces the folk art exhibit. *Optional art activity: Create self-portraits along with descriptive writing.*

### 4th Grade: Our State

Students start their tour with a discussion about the three regions of NC. Afterwards, they are challenged to find artwork depicting these regions. Discussion on artistic traditions, use of natural resources and the importance of technology in NC are the focus. *Optional art activity: Students use collage techniques to create a paper face jug.*

### 5th Grade: Patriotism

Begin with a scavenger hunt in search of patriotic symbols within the artwork. Discussion explores what the symbols represent, as well as the roles of women and minorities in the artwork and how these roles have changed. *Optional art activity: Statue of Liberty.*

### 6th-8th Grade:

#### Every Picture Tells a Story

Language Arts is the focus for middle school art programs. Tours include gallery introduction and exploration, along with a poem writing activity. Students work in groups to tell stories and discuss art. Active listening, speaking, and analyzing skills are utilized.

### 9th-12th Grade:

HMA offers tours to inspire and educate students through various curricula. A portfolio building workshop for aspiring art students will be offered at HMA in February, 2017. *More information about the portfolio building workshop and other classes for high school students at [www.HickoryArt.org](http://www.HickoryArt.org).*

## HMA EXHIBITIONS • 2016-2017

### **PAT VILES: Retrospective**

**Sept. 3 - Dec. 4, 2016**

Non-traditional art methods including paintings on silk and watercolor on plastic paper, with themes of travel, animals, the cosmos and more. *Covers Social Studies, Science, Language Arts and Art curriculum areas.*

### **WOMAN MADE: Women Artists from the HMA Collection**

**Dec. 17, 2016 - April 23, 2017**

Paintings, prints, drawings and sculptures celebrate artistic contributions by women over the last 120 years. *Covers Social Studies, Science, Language Arts and Art curriculum areas.*

### **JONATHAN BRILLIANT INSTALLATION**

**April 29 - Sept. 9, 2017**

Installation made from weaving 50,000 wood coffee stirrers together using only tension and compression to create a sculptural environment. Brilliant will spend a week building the giant sculpture in the gallery; call for his schedule. *Covers Math, Art, Science and Language Arts curriculum areas.*

## **DISCOVER FOLK ART:**

**Unique Visions by Southern Self-Taught Artists** spans the Museum's entire third floor and showcases HMA's expansive collection of contemporary folk art.

## **STUDENT ART SHOWS**

Celebrate the 70th year of the Annual Paul Whitener Student Art Show, featuring student artwork from Catawba County schools. **Elementary Division: March 11-19, 2017/ Middle and High School Division: March 25-April 9, 2017.**

## **FUND A BUS**

Hickory Museum of Art has limited funds to assist schools with bus transportation when scheduling a field trip to the Museum. *For more information, or to request an application, e-mail [gzellmer@HickoryMuseumofArt.org](mailto:gzellmer@HickoryMuseumofArt.org).*
