Santa Monica / Venice, Sunday, April 8

The beachfront city of Santa Monica in western Los Angeles is bordered on three sides by the city of Los Angeles, the Pacific Palisades, Brentwood, Mar Vista, and Venice. Famed resort towns, these cities are the perfect landscape to play host to some of the most beautiful architecture and design with breathtaking views.

Rear Window House

The Rear Window house is a discreet yet decidedly modern addition+remodel to a seventy-year-old bungalow in an area full of intact dwellings of the same era. The owner's growing family necessitated extending the master suite into the backyard, which culminates in an expansive rear bedroom window that hovers above a pool of water.
