ESSAY [You will have to choose one of two options on the Midterm Exam] (30 points)

1. How did the Bourbon and Pombaline reforms make the political climate in Latin America more sympathetic to dissent and revolution?
2. Why did Brazil remain a monarchy, while every other independent Latin American nation-state rejected that type of government?
3. Using specific examples, explain how at least two Latin American nation-states attempted to build national identities.
