

how to send us a file with **We Transfer**?

The screenshot shows the We Transfer mobile app interface. At the top, it says "Send up to 2 GB". Below this is a button with a plus sign and the text "+ Add files". Underneath are three input fields: "Friend's email", "Your email address", and "Message". At the bottom, there is a "Transfer" button and a help icon (a question mark in a circle). Blue lines with dots connect the callout text to the corresponding elements in the app interface.

Just go to: wetransfer.com

Click on the + sign and add the files you want to send.

Type in the email address of: info@app.be

Now type in your own email address.

Write a short description so if needed.

Then simply hit the [transfer](#) button and you're done.
It's simple, secure and free of charge.
