## Collab Beer

The BC Beer Awards is proud to announce this year's 2022 collaboration brew – Back In Session, a blackberry lemon salted sour which balances a tart acidity along with a hint of sea salt.

Once again, we're delighted to partner with our good pals at **BREWHALL** and **Powell Brewery** to brew this year's collaboration beer. This 4% salted sour is refreshing, bright and loaded with juicy blackberry and lemon.

The name "Back In Session" helps to celebrate life going back to a level of normal that we're used to. Get those books, binders and beers ready for another year, because the BC Beer Awards is Back In Session!

Our collab yet again stays true to the school/classroom theme, as BCBA is committed to supporting the next generation of changemakers in our province's beer community through our support of **Diversity In Brewing**. DIB is an initiative that works to improve visibility and inclusivity in the craft beer industry by providing scholarships for self-identifying BIPOC & LGBTQ2S+ students at **Kwantlen Polytechnic University's** brewing program.

This year's collab beer proceeds will also help to support the **BC Hospitality Foundation** - A charity that raises funds to support those in the hospitality industry facing financial crisis due to a health condition. If the pandemic has taught us anything, it's that the hospitality industry definitely took a hit, and they want to give back.

Back In Session was brewed at **Powell Brewery** with the generous help of our sponsors, **Altro Labels, Brewers Supply Group, Hops Connect Canada, Imperial Yeast, Keg Share & Vessel Packaging Co.** Our label art was created by **Michelle Lee** at **Broadview Creative**.
