# CREATE YOUR UNIQUE EVENT EXPERIENCE: EATING, DRINKING AND EXPLORING...

From our Devon home we create Gourmet Trails and taste encounters for you to meet us, have a go, have a taste - leading to the most unique and exciting event to deliver your key messages and goals.

Team Building, Incentives and Entertainment all work perfectly with events created by Graze & Flavour, as you find time together, have fun and learn a new skill.

- *Impress* shareholders and visitors with Devon's heritage and award winning gastronomy
- *Motivate* your team as they set sail with the challenge to fish their own dish
- *Energise* recognition events with the fun and skill of sausage making
- *Educate* your team's palette: from champagne tastings to cheese, from chocolate to chilli
- *Celebrate* your team's success by giving them something memorable to share with others
- *Inspire* yourself as you meet dedicated, passionate, artisan producers and chefs

Step out of an everyday event. Come and meet us, have a go, have a taste...

For lucky visitors, curious locals and important clients; come and create your own food map of Devon and let us create a bespoke taste experience like no other.
