Patient Instructions for Home Medical Equipment

In order for ABC Health Care to complete the request for your prescribed home medical equipment, we will need the following documentation requirements completed in full and provided to our office in their entirety.

1. Receive copy of ABC Health Care “Home Medical Equipment – Instructions & Documentation Requirements” packet
 Completed
2. Fill out the “ABC Health Care Patient Information Record” document
 Completed
3. Using the “Written Order Requirements” document, confirm your prescription / “written order” written by your physician meets the insurance-driven requirements. If not, contact your prescribing physician for a new prescription / "written order" or to make the appropriate changes to your existing prescription ***Important, please note - All edits to an existing prescription must be initialed and dated by the signing physician.***
 Completed
4. Using the “Equipment Documentation Requirements” document, confirm all Insurance-required documentation is included. If not, contact your physician to request the Insurance-required medical documentation.
IMPORTANT - Medical documentation written on a prescription / "written order" is not accepted by Insurance companies. It must be written separately in your medical records and be part of your medical history from your prescribing physician.
 Completed
5. Once complete, submit all of the following to ABC’s DME department. It will be scanned and returned to you.
 - "Patient Instruction for Home Medical Equipment" form
 - "ABC Health Care Patient Information Record" form
 - Valid Prescription / Written Order
 - Equipment Documentation form with the accompanying Medical Records / Medical Documentation
6. An ABC Health Care Medicare Quality Assurance associate will review the order and documentation within 48 hours of submission.
 - If order and documentation are not complete, the Medicare Quality Assurance associate will deny the request for equipment and inform you of reasons.
 - If order and documentation are complete, the Medicare Quality Assurance associate will approve the request for equipment and inform you of approval and process for receiving your equipment.
Important, please note - ABC will only provide equipment after patient co-payment, deductible, and/or prior balance is collected.
7. ABC Health Care will file your medical equipment claim with Medicare for you and an Explanation of Benefits from CMS will follow to confirm billing is complete.

Equipment Requirements & Check-Off List

• Commodes •

In order for ABC Health Care to complete the request for your prescribed home medical equipment, we will need the following documentation requirements completed in full and provided to our office in their entirety.

Bedside Commode - Standard

o Detailed Written Order Requirements:

- Patient name
- Date of order
- Detailed description = "E0163 Bedside commode"
- Quantity = 1
- Duration / length of need = 99 months
- Physician name
- Physician signature
- Physician signature date
- NPI on prescription that matches ordering physician's signature

o Documentation within the medical chart from physician detailing:

- Diagnosis (and/or associated symptom) makes patient physically incapable of utilizing regular toilet facilities in the home and is room confined (**one (1) of the below statements must be included to validate patient's inability to access "regular toilet facilities" as "room confined"):
 - Patient is confined to a single room
 - Patient is confined to one level of the home and there is no toilet on that level
 - Patient is confined to the home and there are no toilet facilities in the home
- Commode will help patient access regular toilet facilities
- No other treatment options are available for this patient.
- Patient is willing and able to safely use the commode in the home.

Bedside Commode - Heavy Duty

o Detailed Written Order Requirements:

- Patient name
- Date of order
- Detailed description = "E0168 Heavy duty bedside commode"
- Quantity = 1
- Duration / length of need = 99 months
- Physician name
- Physician signature
- Physician signature date
- NPI on prescription that matches ordering physician's signature

(Continued on next page)

- Documentation within the medical chart from physician detailing for HD Commode:
 - Diagnosis (and/or associated symptom) makes patient physically incapable of utilizing regular toilet facilities in the home and is room confined (**one of the below statements must be included to validate patient's inability to access "regular toilet facilities" as "room confined"):
 - Patient is confined to a single room
 - Patient is confined to one level of the home and there is no toilet on that level
 - Patient is confined to the home and there are no toilet facilities in the home
 - Commode will help patient access regular toilet facilities
 - No other treatment options are available for this patient.
 - Patient is willing and able to safely use the commode in the home.
 - Patient weight was ____ (enter weight; must be over 300 lbs) pounds on ____ (specify date; must be within one month of receipt of commode).

Drop Arm Commode

- Detailed Written Order Requirements:
 - Patient name
 - Date of order
 - Detailed description = "E0165 Drop arm commode"
 - Quantity = 1
 - Duration / length of need = 99 months
 - Physician name
 - Physician signature
 - Physician signature date
 - NPI on prescription that matches ordering physician's signature
- Documentation within the medical chart from physician detailing:
 - Diagnosis (and/or associated symptom) makes patient physically incapable of utilizing regular toilet facilities in the home and is room confined (**one (1) of the below statements must be included to validate patient's inability to access "regular toilet facilities" as "room confined"):
 - Patient is confined to a single room
 - Patient is confined to one level of the home and there is no toilet on that level
 - Patient is confined to the home and there are no toilet facilities in the home
 - Detachable arms feature is necessary (one or both is required to qualify):
 - To facilitate transferring the patient to toilet
 - Patient has a body configuration that requires extra width
 - Commode will help patient access regular toilet facilities.
 - The room confinement is not corrected with a bedside commode but can be sufficiently resolved by use of a drop arm commode.
 - Patient is willing and able to safely use the commode in the home.

Raised Toilet Seat

Medicare will not pay for raised toilet seats because they are a "non-covered" item. They will need to be purchased privately. They are available for purchase at all ABC locations. Pricing available upon request.
