Dear Prospective Placement,

Thank you for your interest in Life Together! Each year our fellows come to Boston from across the country to serve in a wide range of capacities in many nonprofit organizations and ministries—engaging in direct service, legislative advocacy, and community organizing. Our application is designed to help us understand your organizational mission, values, physical and social environment, leadership structures, financial priorities, and the specific role that you envision for a Life Together fellow. Through the application process, we hope to gather a well-rounded picture of your organization.

Please respond to all questions in the body of the application. Application materials must be typed in Microsoft Word. You may enclose current informational materials for your organization such as newsletters, brochures, and/or annual reports. Please note that these materials are welcome in addition to, but not in place of, the written application.

After reviewing your application, we may ask you for further materials, such as names of board members or references, or other pertinent information. We may also ask for a site visit to see the physical location and to meet the potential supervisor for a fellow. The checklist below is for your reference. Please be in touch with the Executive Director if you have any questions.

Thank you!

PROPOSAL GUIDELINE & INSTRUCTIONS

Criteria for Eligibility:

To be eligible, your organization must:

- Be a non-profit 501(c)3 organization, school, or government agency operating in Massachusetts
- Be operational for at least one year with at least one full-time staff member and the capacity to supervise a fellow

Host Site Requirements:

- A clear vision of the project you plan to implement and how the fellow can be most effectively utilized.
- An engaging job description—the position must be 32 hours per week, fill an organizational need, and support work for social justice. Work should be challenging and reasonable given the fellow's skill set.
- Supportive leadership from the staff and host site to ensure that the fellow is treated as an integral part of the organization.
- One designated site supervisor who will provide weekly supervision, adequate training, and support to the fellow, as well as attend 3 Life Together supervisor meetings (one during Orientation, one mid-year, and one at the end of the year). An orientation will be held for new supervisors. Weekly supervision should be one hour and focus on the learning and development of the fellow, including reflection on the site, its context and the fellow's work.
- A cash match to contribute to the partnership between host sites and Life Together fellows, which goes toward the cost of a fellow's stipend, housing, and health insurance. No additional compensation is required. This fee is between \$9,000-\$16,000 and depends on the annual budget of the organization.

- Adequate workspace for the fellow – including access to whatever tools are needed to fulfill the responsibilities of the position (i.e. a computer, desk, phone, copier, and office supplies).
- Assistance with the site-matching process by committing to interview at least 5 potential fellows and then submitting detailed reflections to Life Together staff.
- Completion with the fellow of a learning contract and work agreement at the beginning of the program, as well as a mid-year and final review based on the learning contact.
- Time off for required retreats, training and occasional service days (a complete schedule will be available at the beginning of the program year), in addition to a break between December 24-January 1 and five additional days of flexible time off.

Cash Match

Each host site organization commits to invest in the partnership by providing a cash match. The match is used to cover a portion of the total cost of the fellowship position (training, travel, benefits, and living stipend) at your host site. The amount of the cash match is based on the organization’s total operating budget, including salaries, funds distributed as grants, and any other operating costs.

Although our total cost per fellow is more than \$30,000, we are committed to helping subsidize this cost to host organizations. Each host site commits to pay between \$9,000 and \$16,000 for a full-time fellow that will serve a minimum of 1,300 hours over their 10-month term of service.

The amount your organization pays can be determined by reviewing your most recent organizational income statement and annual operating budget. Please note that if you are a department within a large organization/government agency, we would like to see both the larger budget of your organization, as well as a project budget. Please use the following table to determine the appropriate match:

Total operating budget	Host Site Match/Fellow
Less than \$300,000	\$9,000

\$300,000 - \$499,999	\$10,500
\$500,000 - \$999,999	\$13,500
\$1,000,000 +	\$16,000

Emmaus Fellowships

Current first-year fellows may apply for a second-year Emmaus fellowship with Life Together. If accepted into the Emmaus program, these fellows typically stay at their host site for a second year to help build your organizational capacity. Occasionally, an accepted fellow may also move to a different host site.

If you are hosting a current fellow who decides to apply for an Emmaus fellowship, note that you are still required to submit this application and be accepted as a host site for the coming program year. Please fill out the application with your current fellow in mind, reflecting the ways in which the fellow will expand your capacity and be challenged to grow in a second year with your organization.

To reflect the greater experience Emmaus fellows bring to your organization and the increase we offer them in living stipends, we ask each site hosting an Emmaus fellow to contribute an additional \$2,000 to the fellow's cash match. The Executive Director will be in touch directly with you when Emmaus fellows are selected to confirm your final cash match and answer any questions.

Host Site Selection

All proposals are reviewed by a reading committee that recommends host site organizations for funding. Final decisions are made by program directors. Key elements include:

- Organizational capacity to develop and manage the project and fellow
- Realistic objectives with measurable outcomes that align with Life Together's mission
- Proper support, supervision, and training for the fellow during the year of service
- Strong element of project ownership
- Clear project vision (the project or campaign the fellow works on should build toward a measurable social justice goal)
- Clear connection between the host site and the mission of Life Together
- Clear, detailed job description for the fellow
