Pre-Reading Discussion Questions

Do you know what a vampire is?

Do you know why they have sharp teeth?

Do you know what time of day they come out?

Have you ever seen a vampire?

Is there a special holiday when some people dress in vampire costumes?

Can babies be vampires?

Look closely at the front cover of *Vampire Baby*.

- Do you notice anything peculiar about the baby on the cover?
- What do you see at the top of the cover, behind the letter V?
- Do you know why the moon is important to vampires?

What do you think this story is going to be about?

Do you know what an author does?

Post-Reading Discussion Questions

*It happened when Tootie got teeth – two in one night.*

*They were not teens-weensy, itsy-bitsy baby teeth, either.*

*They were long, sharp, points FANGS!*

Consider the illustration featuring Tootie in her crib about to bite into her toy bunny’s foot.

- What are fangs?
- Do Tootie’s teeth look like fangs?
- What about Tootie’s hair? What about that point at the top of her forehead? Does it look like normal baby’s hair?
- Tootie bites everything, especially her big brother. Do you think that Tootie might be a vampire? Is that possible?

“One Canines,” the doctor said. “Most unusual.”

*We should have known then.*

Feel your teeth. You have canines on the upper and lower rows of teeth in your mouth. Canine teeth tear at your food like a fork.

- In what way are the vampire’s canine teeth that same as yours?
- In what ways are they different?
- For more information about the names of teeth and lots of other facts of about dental care click [HERE](#).

Canine is another name for a dog. Notice a dog’s teeth.

- How are their canine teeth shaped?
- In what ways are a dog’s canine teeth like yours?
- In what ways are they different?
- How are a dog’s canine teeth like the vampire’s?
- How are they like Tooties?

Look through the pages of *Vampire Baby*. Be sure to look at all of the illustrations, closely.

- Can you find illustrations of dogs, also know as canines?
- How does the family dog feel about Tootie chewing his toys? How do you know?
According to the books, vampires sleep during the day and stalk their prey at night. I set my alarm for midnight so I could catch Tootie in the act. Turns out I didn’t need to.

WAHHHH!

Find the illustrations featuring the big brother lying in his bed looking at the alarm clock.

- What time does his alarm clock read?
- Is this time close to midnight?
- Do you know what time vampires go out at night?
- The big brother is wearing something around his neck. Do you know what it is and why he is wearing it?
- There is book on his bed. What kind of book is it?

In the next illustration, Mom tells the big brother that Tootie is crying because she is hungry.

- Do babies wake up at night crying because they are hungry?
- Why is Mom not afraid of Tootie?
- Do babies chew on things? Bite things? Like vampires do?
- Do you think that Tooties is really a vampire?

Tootie may be a vampire baby.

But she’s my vampire baby.

Chomp!

“Youch! Tootie, no bite!”

Look back through the pages of Vampire Baby and recall the number of times that Tootie bites, either the big brother or the vampire boy.

- Do all babies chew on things?
- Is biting a normal thing for babies to do?
- What made the big brother change his mind about giving Tootie to the vampire family?
- What does the big brother mean when he says that Tootie is his vampire baby?
- Are there things that big brothers and sisters have to have a special understanding for with their baby siblings?
- Could another word for this special understanding be ‘love’?
Elements of Story Structure

Objective: To use the reading strategy of visualization to teach the five elements of story grammar: characters, setting, problem, attempts to resolve the problem, and resolution.

Materials:

- Elements of Story Structure matrix found on page 7
- Elements of Story Structure labels found on page 8 & 9
- Elements of Story Structure answer labels found on page 10 & 11
- Scissors
- Cardstock
- Markers or crayons (optional)
- The book *Vampire Baby*

Procedure:

- Print matrix and labels on cardstock.
- Trim around the frame of the matrix and the labels.
- Review the matrix with the child, pointing out the five elements of story.
  - Setting – places where the story takes place.
  - Talking characters.
  - Oops! A problem.
  - Attempts to solve the problem.
  - Yes! The problem is solved!
- Read *Vampire Baby* with the five elements of story in mind.
- After *Vampire Baby* has been read and discussed, have the child try to match the Elements of Story Structure labels next the correlating element of story.
- Check the child’s work using the answer labels found on pages 9 & 10.
- As an easy, self-correcting option for younger children, simply use the answer labels to match on the matrix.
- If the child would like to illustrate the backs of some other cards, they can use their illustrated cards as matching labels, as well.

Vampire Baby Teeth

It happened when Tootie got teeth – two in one night. They were not teensey-weenesy, itsy-bitsy baby teeth, either. They were long, sharp, pointed FANGS.

Objective: To have some silly fun making vampire teeth from apple slices.

Materials:
- An apple
- A knife (Careful, little ones!)
- A cutting board

Procedure:
- Cut a thin wedge about 1/8 of an inch thick.
- Cut two elongated fangs in the white, meaty portion of the apple wedge.
- Place your apple teeth between your upper lip and gums.
- Now go scare somebody!

CHOMP!
YOUCH!
