Stakeholder Notification/Public Notice

Potomac Conservancy is pleased to announce its application for a second renewal of accreditation with the Land Trust Accreditation Commission. A public comment period is now open through March 20, 2021.

The Land Trust Accreditation Commission, an independent program of the Land Trust Alliance, conducts an extensive review of each applicant’s policies and programs. The Commission recognizes with the seal of accreditation those land conservation organizations that meet national quality standards for protecting important natural places and working lands forever.

The Conservancy and Commission invite public input, and the Commission will accept signed, written comments on pending applications. Comments must relate to how Potomac Conservancy complies with national quality standards. These standards address the ethical and technical operations of a land trust. See the list of standards: http://www.landtrustaccreditation.org/help-and-resources/indicator-practices.
