Our Mission: To ignite authentic conversation.

What is Jarring Questions®?

Jarring Questions® puts the **FUN** in **dysFUNctional** family dinners, parties, girls nights out and evenings with friends with an outrageous collection of epic conversation starter games.

Who created the games?

Jarring Questions® is the brain child of Las Vegas Corrine Clement and her college roommate Lisa DeBartolo, whose family owns the San Francisco 49ers. While attending college in the Bay Area, these BFFs invented a game to make dinners more fun, and in 2013 turned it into Jarring Questions!®

- It's Outrageous! JQ is a collection of truly shocking, edgy, thoughtful & bizarre conversation starters!
- It's Portable: With a built-in handle, carry the fun to a dinner or party, on car trips – you name it!
- It's Indestructible: Questions are printed on plastic poker chips. You can spill drinks & never ruin the game!
- It's Interactive: Chips have commands like **ROUNDTABLE** (everyone answers), **HOT SEAT** (pick someone else to respond) and **BY SHOW OF HANDS** that engage more people in conversation.
