INFORMATION ABOUT APPLYING FOR AN EXHIBITION

Thank you for your interest in WMA. In order to apply for an exhibition at Wood.Metal.Art you need to provide three things, a curriculum vitae (CV), an artist statement and an exhibition proposal. Your application will be considered by the Management Committee of Wood.Metal.Art, whose task it is to plan a balanced, dynamic, and exciting shows and events for years to come.

ARTIST'S STATEMENT

The purpose of an artist statement is to provide an explanation of what interests you and influences your work; what you do and how you do it, and what you would like to achieve. If accepted your statement will be published on the Wood.Metal.Art website. Please limit statement to 1000 words or less

EXHIBITION PROPOSAL

Your proposal should be a paragraph that details & explains the nature or theme of the artwork you intend to exhibit. It should consist of a written section that explains the formal and conceptual ideas for your exhibition and a maximum of 12 images to compliment your written section. If you wish to include any performance or events during your exhibition please include that info here. If accepted your proposal may be used in our press releases.

Suggested topics to address in your written statement

- Describe the appearance and theme of your exhibition. How is it original? What themes does it explore. What will compel the Gallery visitor to want to view or buy your work?
- When is it available. Provide suggested exhibition dates, with an indication of any dates that are not possible due to conflicts or prior commitments.
- Please state why do you think your exhibition/show would be a good fit for Wood.Metal.Art?
- If the proposal is for an installation or piece not yet constructed, please include examples of prior work, with a detailed diagram or description of your proposed idea.
- Indicate if you are applying for a solo exhibition or if you are open to exhibiting with other artists. If the proposal is for a group or multi-artist show please have all participating artists submit an application. Wood.Metal.Art routinely curates exhibitions with multiple artists who have submitted proposals independently.
- All images should be labeled the following: a number correlating to the enclosed Image Information Form, the artist's name, and the title of the entry. If you submit slides, indicate the top of each image. For detail shots, please limit to two images per piece. A completed Image Information Form (included in this mailing) must accompany your image submission (please see attached). For video, performance, or other multi-media work you may submit video via CD/DVD or weblinks to work samples.
