

Application for Anti-Bullying Ambassador Training Place

*Apply for
training today!*

What is it?

Our school is excited to announce that we have signed up Anti-Bullying Ambassador Training from The Diana Award. We are going to select a number of students to attend the training day and become the Anti-Bullying Ambassadors for the school.

What will we be doing?

At the training day, you will be trained with students from other schools in one large group. You will be taking part in games and activities exploring all of the issues around bullying, as well as planning out what actions you will be doing back in this school.

You will learn what bullying is, why it happens and how you can, as Anti-Bullying Ambassadors stop bullying from happening in our school.

If this sounds like something you want to be considered for, check out the website www.antibullyingpro.com for more information and complete this application form by _____
