TRANSPORTATION & SAFETY TIPS

- For construction/access updates, visit forestparkmap.org/news-alerts.
- Via forestparkforever.org/safety, a few safety tips to keep in mind:
 - Prior to your arrival by car, store valuables and personal belongings out of sight, like in your trunk.
 - Park in the convenient Visitor Center lots. Members of the St. Louis Police Department, Mounted Police and Park Rangers protect and serve Forest Park. During early and mid-mornings, there is a special monitoring focus on these lots.
 - Consider storing valuables in lockers in the Dennis & Judith Jones Visitor and Education Center.
 - If you are in an emergency situation, look for the nearest street light pole. The recently installed light pole address marker system means that a 911 operator will be able to locate you even if you are not sure of your location.

YEAR-ROUND METRO TRANSIT

Through Sept. 3, 2018
RIDE FREE ON SUNDAYS!
