Primary Summer Program

Montessori School of Franklin is pleased to offer an eight-week summer program for primary students, ages 2 ½ to 6 years old. This program will give students an opportunity to work on skills at their own level in a relaxed and engaging Montessori classroom. The children will enjoy many enrichment activities:

- Hands-on science experiments weekly
- Cultural studies, focusing on subjects such as planets, continents, biomes, Zoology, Botany, Geography and History
- Cooking projects using recipes from around the world
- Gardening 101 and nature exploration
- Water Fun Fridays! Bring your child in his or her bathing suit with a change of clothes. The children will enjoy eating homemade popsicles that they prepared themselves with fresh fruits and juices.

In order to make our program available to as many children as possible, our enrollment schedule is flexible. You may enroll your child in any combination of one-week sessions. Enrollment is limited and available on a first-come, first-served basis, so please return this form as soon as possible to reserve your sessions.

We look forward to an exciting summer program and hope to see you there!

Parents of any child not picked up by 5:30 will be charged a late fee of \$1.00 per minute. Please call MSF immediately to notify the staff of your approximate arrival time if you are running late.

The above sessions are reserved for my child for the summer session. I understand that the registration fee is due with this form, tuition payments must be made no later than the start of each session, and that I will be billed and responsible for the reserved sessions regardless of whether I use them or not.
